Dear All,

End of Week 5

We have come to the end of another week. It has been another busy week with us working hard to settle our Year 7 learners. There have been some great wins, and you should receive a positive phone call for your child about their week.

We had our successful careers assembly with NHS Recruitment Team sharing opportunities in the Health Sector with our learners including work experience and cadets plus apprenticeships. Everyone was great and engaged positively. As a result, we now have established partnership to begin face to face live work experience with them. More information on dates of the experience will follow for your child.

Below are the photo evidence of the session.

Concerns with Sweets/Chewing Gum

We have taking packs chewing gum and other high content sugary products including drinks from learners this week. Please check your child's bag to ensure they are not bringing anything that will disrupt their day to school. We provide breakfast, healthy snacks and full lunch with deserts in school. Please help us to manage the amount of sugar being consumed as this affect their energy levels and behaviour.

Social Media

We have this week received concerns about inappropriate activities outside school hours. This has affected 2 of our students significantly who needed pastoral care due to the content and severity of the images and messages shared. The concern has been dealt with and support continues to be offered. Please monitor your child's phone and make sure they are safe online.
