Dear All,

We are halfway through another long term. 4 weeks already with 15 more days till we break for the Festive Holidays. The next 3 weeks will be exciting for us with lots of Festive Activities plus our famous Festive Lunch.

Below are some headlines for your information

School Uniform

We have noticed a drop in our learners attending school in the correct uniform. Whilst this may be considered a minimal concern, it is also creating a challenge for us with other students feeling it is unfair for their peers to attend school without uniform. We have spoken to the individual children without uniform this week to understand their reason and there is no justification other than a choice. They have then been encouraged to wear their uniform which is important part of our sense of belonging. We are also aware of occasional circumstances where your child may attend school without uniform and will be grateful if you could let us know so that we can support. Please ensure your child attends school with the correct uniform.

Concern with vapes and sweets

We would like your support in ensuring your child attends school without vapes and sweets. This week we have confiscated 2 vapes and sweets from some of our learners who share them with their peers in the morning. As a school we encourage healthy living practices and reward students weekly with items from our Tuck Shop. They therefore do not need to bring any sweets to school to share. If it is your child's birthday and you intend to give them sweets to bring to school, please let us know and we can support them to share this appropriately.

Concerns/Social Media

Please continue to share any concerns with us so that we can to support in school.

Absence Protocol

Please contact school by 9.30 if your child is going to be absent with a reason. We would then be able to offer any support if need be.

Food Bank,

We have stock of items to support our families, please contact the office if you would like us to provide you with any items from our food bank and any donations will be greatly received.
